

Information Literate Engineer: Assignment #4: Searching for books

Your name: _____

Your e-mail address: _____

Programme: _____

Course Name: _____

State your research question:

1. In relation to your research question:

a) Do a search with the Books tab in the Busitema University Library Catalogue [[add link to the library catalogue](#)]

b) Indicate the search words or word combinations that you used:

c. List eight books that speak to your research question (use APA, or MLA format that includes author, title, place, publisher and date). Put your citations in alphabetical order by author, and do not number them.

2. Do the search again with the same search words in Amazon.com.

a) Indicate the search words or word combinations that you used:

c. List eight books that speak to your research question (use APA, or MLA format that includes author, title, place, publisher and date). Put your citations in alphabetical order by author, and do not number them.

d. Write a one page paper compare and contrast your search experience with the two tools – Busitema University Library catalogue and Amazon.com.
